Ruaha Hilltop Lodge

RUAHA NATIONAL PARK, IRINGA TANZANIA

Ruaha Hilltop Lodge is situated 110 km from Iringa Town, 5 km from Tungamalenga Village and near the boundary of Ruaha National Park. The Lodge is built on a hill, part of Ideremle Mountain famous for its volcanic caves.

Reception, dining and bar are all under one roof with a special place to enjoy the sunrise and sunset. Our experienced chefs provide both continental and Tanzanian cuisine, using fresh produce from the local area. The bar is well stocked with different types of beer, wine and soft drink. A pool table is available.

Ruaha Hilltop Lodge is ideal for many exiting activities: game drives into Ruaha National Park; walking safaris; visiting groups who offer information on different aspects of local life and culture; visits to the Masai bomas for traditional dances. The lodge is built high on a hill with a wonderful panoramic view. There are many different types of birds and trees that can be seen near the lodge.

The luxury self contained cottages are very comfortable, private, each with its own balcony with a beautiful view.

From Iringa Town, 4x4 vehicles are available for game drives as well as saloon cars for town tours. Trips can be arranged to Ruaha National Park and other areas of interest such as: Ismila Stone age site, Mufindi Tea plantations, and even Lake Nyasa....
